Please see page 5 if your complaint is about your sewerage or wastewater services.

Our complaint steps

There are three stages in our complaints process.

Stage 1

Get in touch

The first step is for you to contact us to give us details of your complaint.

Please get in touch using the details on page 2.

If our Customer Services team can't resolve your complaint, they will pass it over to one of our Complaints Specialists.

Stage 2

Escalate your complaint

We hope you never have reason to escalate your complaint. If you're not happy with our initial response, then please contact us using the details on page 2.

A member of our management team will carry out an internal review, to make sure we've done our best for you.

There may be circumstances where a complaint will not be reviewed, and details of how to get independent advice will be given at stage one.

Stage 3

Get independent advice

If you're still not happy with our final response, or your issue is over eight weeks old, you can call the Consumer Council for Water (CCW) by calling **0300 034 2222**, or using their online form at www.ccw.org.uk/contact-us/online-form/ or scan the QR code.

CCW are independent voice for water consumers in England and Wales and also offer free, trusted and independent advice.

Managing your complaint

The complaints we receive are recorded and stored securely on our system. If you raise a complaint, we'll assign one of our Complaints Specialists to investigate it and respond to it.

Our directors receive a monthly report on the number of complaints we've received, the reason for the complaint and what we are doing to improve. We also regularly check the quality of our responses, so we are continually improving the services we give to our customers.

Our records are independently assessed by the Consumer Council for Water (CCW) on a regular basis. We also provide information to Ofwat (our regulator) and CCW on the number of complaints we receive every year and our speed of response.

We aim to respond to your complaint within 10 working days from the date we received it. If we fail to do this, we will make an automatic payment of £40 to you.

Payment may not be given if:

- you have told us you no longer wish to pursue your complaint
- your complaint was not sent to the correct place
- your complaint is frivolous or vexatious
