**EA LETTER -
WINEP
PROGRAMME**

By Email only

Ref: SES/WINEP/010923

Date: 01 September 2023

Paul Kerr
Finance and Regulation Director
SES Water

Dear Paul,

PR24: Water Industry National Environment Programme

On 31 March 2023, 2 May 2023, and 3 July 2023 we released draft versions of your PR24 Water Industry National Environment Programme (WINEP).

Today, 1 September 2023, we are sharing your PR24 WINEP. You confirmed on 19 July 2023 that you are not proposing to phase any WINEP actions to future price review periods, therefore your 1 September 2023 PR24 WINEP may be unchanged from your 3 July 2023 PR24 WINEP. You can find your WINEP at:

 [WINEP_PR24_SES01Sept2023.xlsx](#)

Within the WINEP there are three worksheets confirming:

- your company's AMP8 WINEP actions
- the options which have been removed from the WINEP
- the options identified for future price reviews

I expect all 1 September 2023 AMP8 WINEP actions to be included within the business plans you submit to Ofwat in October 2023.

PR24: Water Resources Management Plan (response to information letter EA/17/2023)

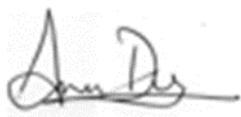

We have assessed your response to the water resources management plan (WRMP) scenarios which is being used to inform discussions between regulators and Defra. While waiting on further advice from Defra, please continue to use the

existing WRMP guidance and EA feedback on your dWRMP plans for demonstrating that preferred plans are deliverable and best value for society.

I would like to thank you and your staff once again for the commitment and hard work that went into your WINEP submission and WRMP response.

I look forward to continuing to work closely with you as you finalise your business plans.

Yours sincerely

Anne Dacey
Deputy Director, Operations Catchment Services
